- 69 (i) The Starter shall obtain a list of runners for each Pony Race from the Clerk of the Scales.
- (ii) (a) Every Pony shall be at the Start ready to start at the appointed time. Failure to do so will, save in exceptional circumstances, result in the withdrawal of that Pony by a PRA or Racecourse official.
- (b) Ponies may not be led to the start.
- (c) Express permission from the organisers must be sought on the day by the parents of children who do not wish them to go down to the start unaccompanied. The organisers will then make suitable arrangements.
- (d) Ponies, if led, must start at the back of the field and will be required to be at the Start at the appointed time.
- (iii) An Official representative shall attend the Start to assist the Starter.
- (iv) All Riders who arrive at the Start must immediately place themselves under the control of the Starter where girths will be checked by an Official and tightened as necessary.

- (vi) After the Starter has called out the names of the runners he shall give all orders necessary for

securing a fair start as far as possible, in a line, but they may be started at such a reasonable distance behind the Start as the Starter thinks necessary.

(vii) The Starter has full power to remove an unruly Pony and, should they do so, must place it at such distance to one side of or behind the other runners that it cannot gain any advantage itself or cause danger to, or prejudice the chances of the other Ponies and Riders engaged in the race. Should an unruly Pony cause undue delay it may be “left”.

(viii) Should the Starter consider that through any cause a Pony is or will be unable to start at the appointed time or soon thereafter as the Starter is ready to start the race they shall at once notify the Clerk of the Scales that the Pony is withdrawn.

(x) (a) Should the Starter consider that a fair start

has not been effected they shall declare it a false start. The Starter may also declare a false start when a Pony has broken away before the race has been declared "Off ". Whenever a false start has been declared the Starter shall order the Riders by means of the recall flag, to return to the Starting Post.

(b) Unless at least one Rider returns to the Starter after the recall flag has been raised for a false start the race shall be void.

(c) Should only one Rider return to the Starter and satisfy him as to his having obeyed the recall flag, the Pony shall be considered as having walked over for the race. Should more than one return, the race shall be started again as soon as the course is clear.

(d) Following the recall flag Ponies which complete the course shall not be considered as having obeyed the recall flag and shall be withdrawn by the Starter.

(e) Should the Starter declare a false start and the recall flag not be raised, the race shall be void, unless all the Ponies pull up before completing the course.

(xi) The Starter's decision on all matters covered by Regulation 69 (x) (a) – (e) shall be final.

70 (i) It is the Parent/legal guardian's responsibility to properly school their Ponies for the start.

(ii) No owner, parent/legal guardian or Pony attendant will be allowed upon the Course at the Start, without the prior permission of the Starter. Misconduct at the start is an offence under the

Pony Racing Regulations and the Starter shall report to the Stewards and Officials any person whom they consider to have been guilty of misconduct at the start or who has refused to obey the commands of the Starter.

(iii) The signal for the start is the lowering of the flag. The person responsible for giving the signal is the Starter, and a Rider guilty of an attempt to anticipate the signal will be guilty of an offence.
