TOTAL	18
DIRECTIONS	Near A417
	3 miles n.w. of Gloucester
POSTCODE (SATNAV)	GL2 8HX

MEETINGS IN 2009

LEDBURY

SUNDAY 29TH MARCH

NORTH LEDBURY

MONDAY 4TH MAY

Maisemore Park opened in 1983 and is a flat almost oval course adjacent to the River Severn.

The permanent paddock facilities at Maisemore Park

It has improved considerably in recent years with the erection of permanent paddock facilities and the clearance of trees and shrubs adjacent to the course, which used to affect viewing later in the season.

The course is adjacent to the River Severn but the drainage is excellent and watering is available if required.

The first fence with the runners by the start in the background

The runners start with their backs to the seventh fence and have a short run before meeting fence one while fence two is situated at the end of the back straight.

The field then has a gradually left handed sweep into the home straight where they meet fences three and four before running past the winning post to meet fence five before taking another smooth left handed bend to meet fence six (open ditch).

The runners then sweep left handed again to meet fence seven and race past the start to go out on their remaining circuits.

FASTEST TIMES EACH YEAR SINCE 1983

6 MINS 10.7 SECS	DOWN THE MINE	1997
6 MINS 11.2 SECS	RUN TO SPACE	2007
